

Decorative Trim

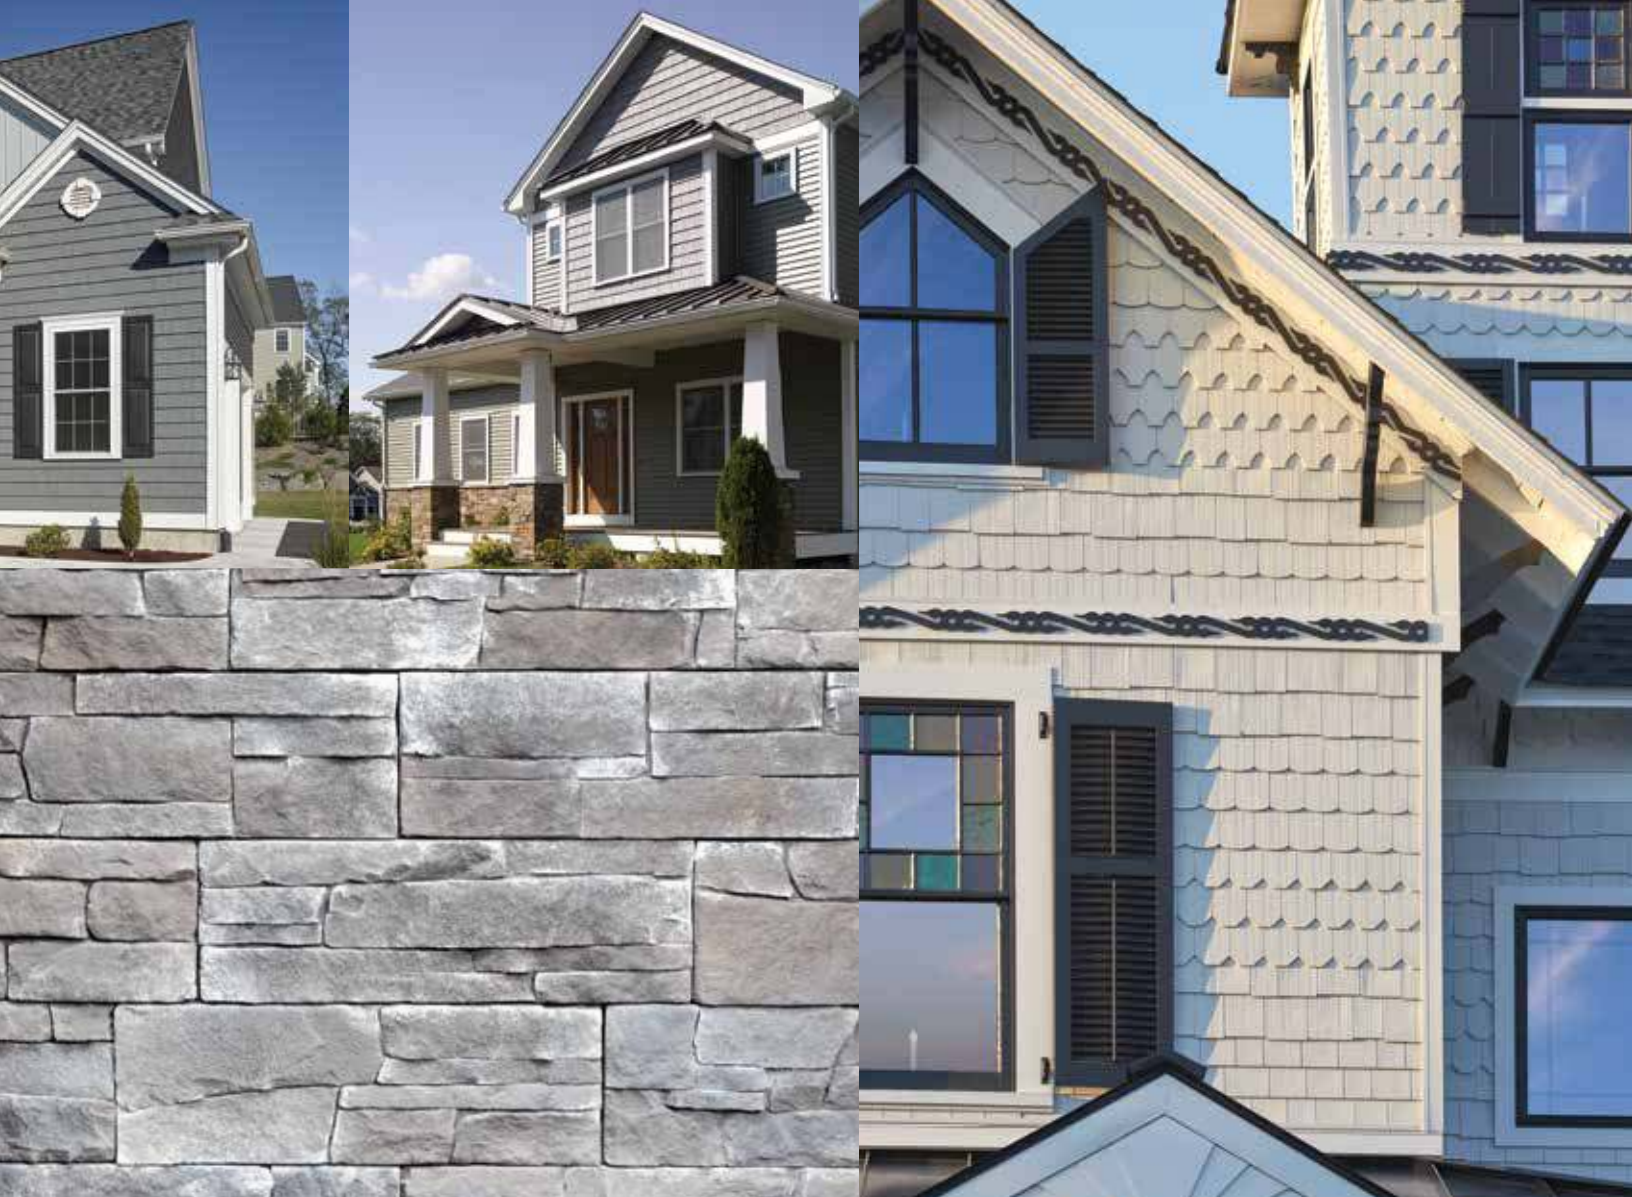

Exterior accents enhance curb appeal with design and color

EXTERIOR **TRENDS** & STYLES

One of the most popular ways to add curb appeal to your home is by mixing and matching siding products to create complementary contrast across its exterior, including color, design, texture, and dimensionality.

Whether you are designing a new home, building an addition, or simply remodeling, CertainTeed offers beautiful and durable products that allow homeowners to bring their creative vision to reality without breaking the bank.

In the pages ahead you will discover real-world examples of how CertainTeed products are used to enliven the

architectural accents of any home, be it a classic colonial, styled ranch, or something altogether different and unique.

This brochure also offers information on our digital design tools, which will help you on your journey toward realizing a winning look for your home.

CertainTeed has the most complete siding accessory line in the industry. Virtually every installation challenge imaginable can be addressed with CertainTeed's extensive assortment.

Using the proper accessories can make for an ease of installation, but that's not all. Choosing the proper accessories can guarantee optimum performance, design flexibility and aesthetic enhancement. For detailed installation information, please refer to the CertainTeed Vinyl Siding Installation Guide (04-03-1099-US-EN).

Accent Types

Each architectural feature on a home is as an opportunity for customization to reflect one's personal taste – be it subtle sophistication or an exhibit of eye-catching color.

To help take inspiration to next level, this brochure offers a look at how siding products bring versatile touches of style to the accent areas of a home.

Gable

A popular accent area with lofty design potential.

Entryway

Where versatility and variety create a warm welcome.

Knee Wall

Sets a proverbial foundation for the look of a home.

Dormer

Enhance curb appeal by stylizing this structured element.

Bump Out

Accentuating this stand out can harmonize any exterior.

Window & Door Trim

CertainTeed window and door trim puts out the welcome mat to create a lasting first impression. Lineal trim adds a wider face profile that can help unify and accent a home's exterior, adding a design element that can be both subtle and distinctive. For even more personality and charm, use Restoration Millwork cellular pvc profiles above the door or window. It's a look you'll appreciate every time you cross the threshold into your beautiful home.

First Impressions

Open the door, or window, to creative expression with Vinyl Carpentry or Restoration Millwork profiles. From traditional and subdued to dramatic, CertainTeed's broad range of profiles can be combined into design elements that can highlight and add drama to entranceways, while framing windows with added flair.

Corner Systems

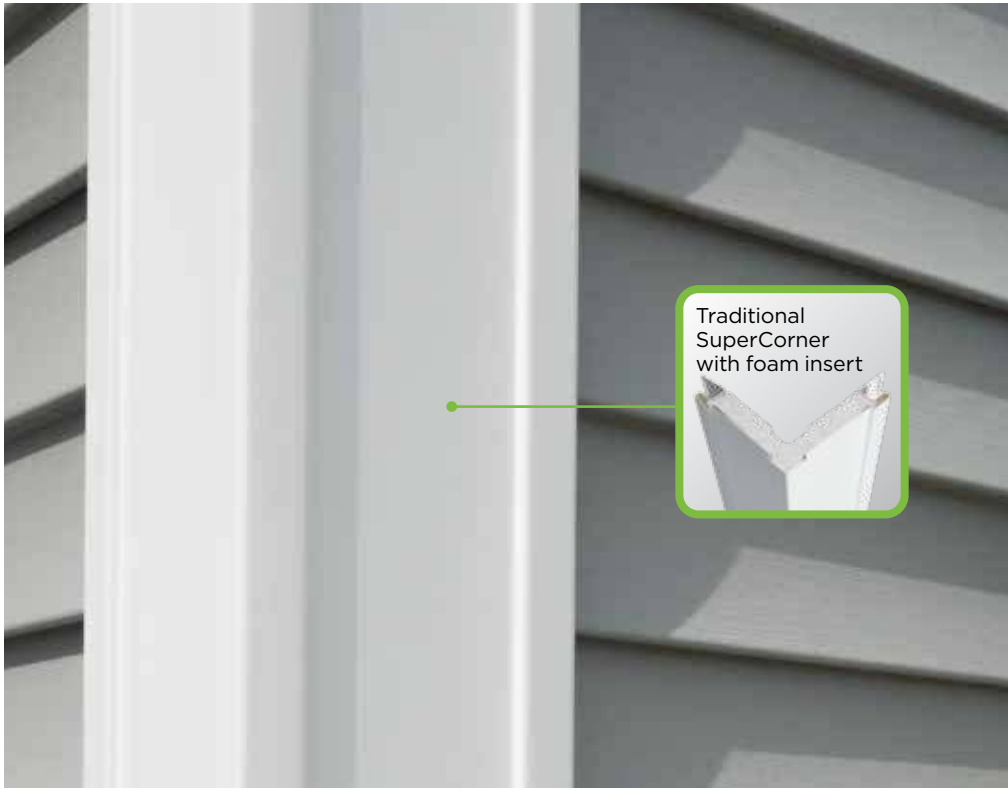

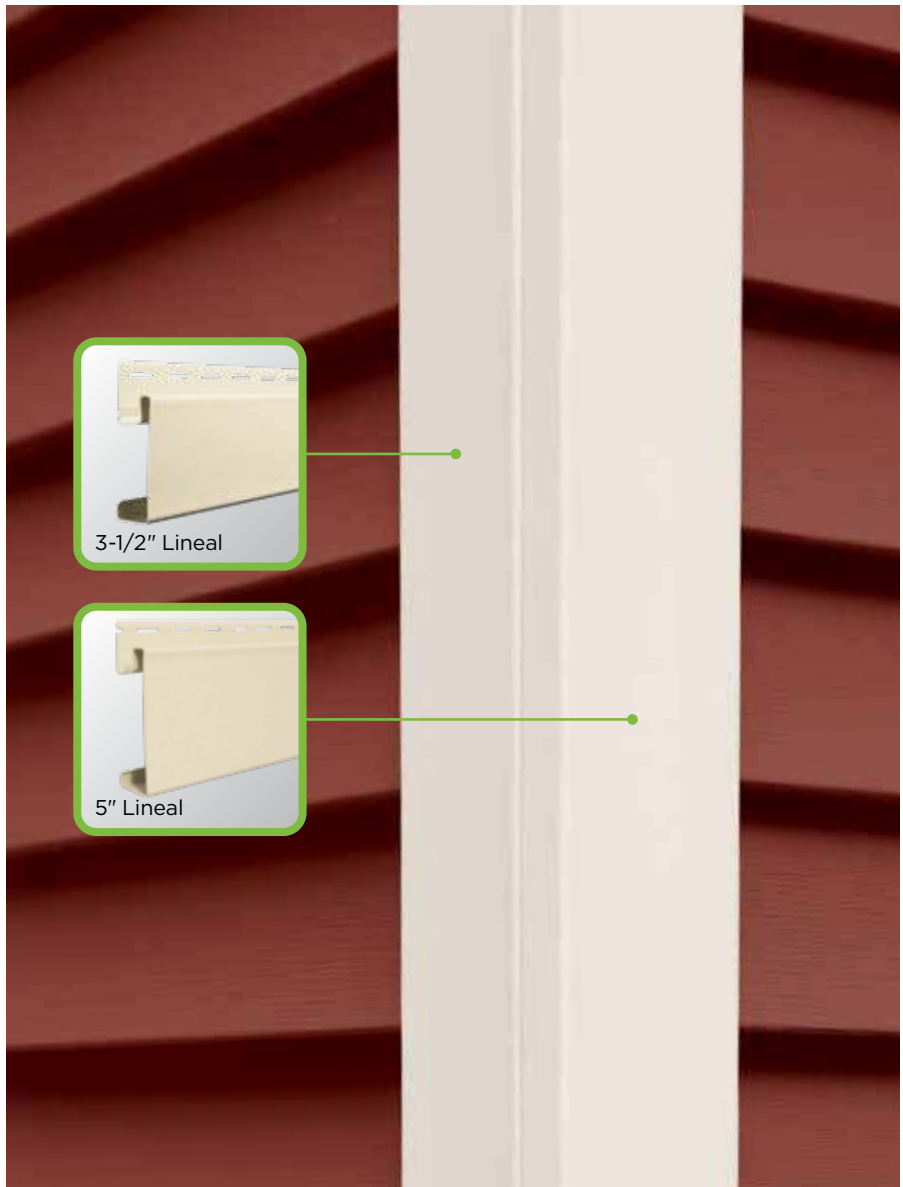

Take your home from ordinary to extraordinary. Don't settle for traditional narrow corner trim with no depth. Go for something distinctive and beautifully unique. Blend traditional lap siding seamlessly around every bend with Vinyl Carpentry® Corner Systems or Cedar Impressions® Shakes and Shingles with outside mitered corners. Create elegance with an edge by adding Restoration Millwork one-piece corners which offer superior quality and excellent dimensional accuracy.

Trim: Vinyl Carpentry® in Colonial White & Restoration Millwork® in Natural White.

Roofing: Landmark Shingles in Georgetown Gray.

Look what you can achieve:

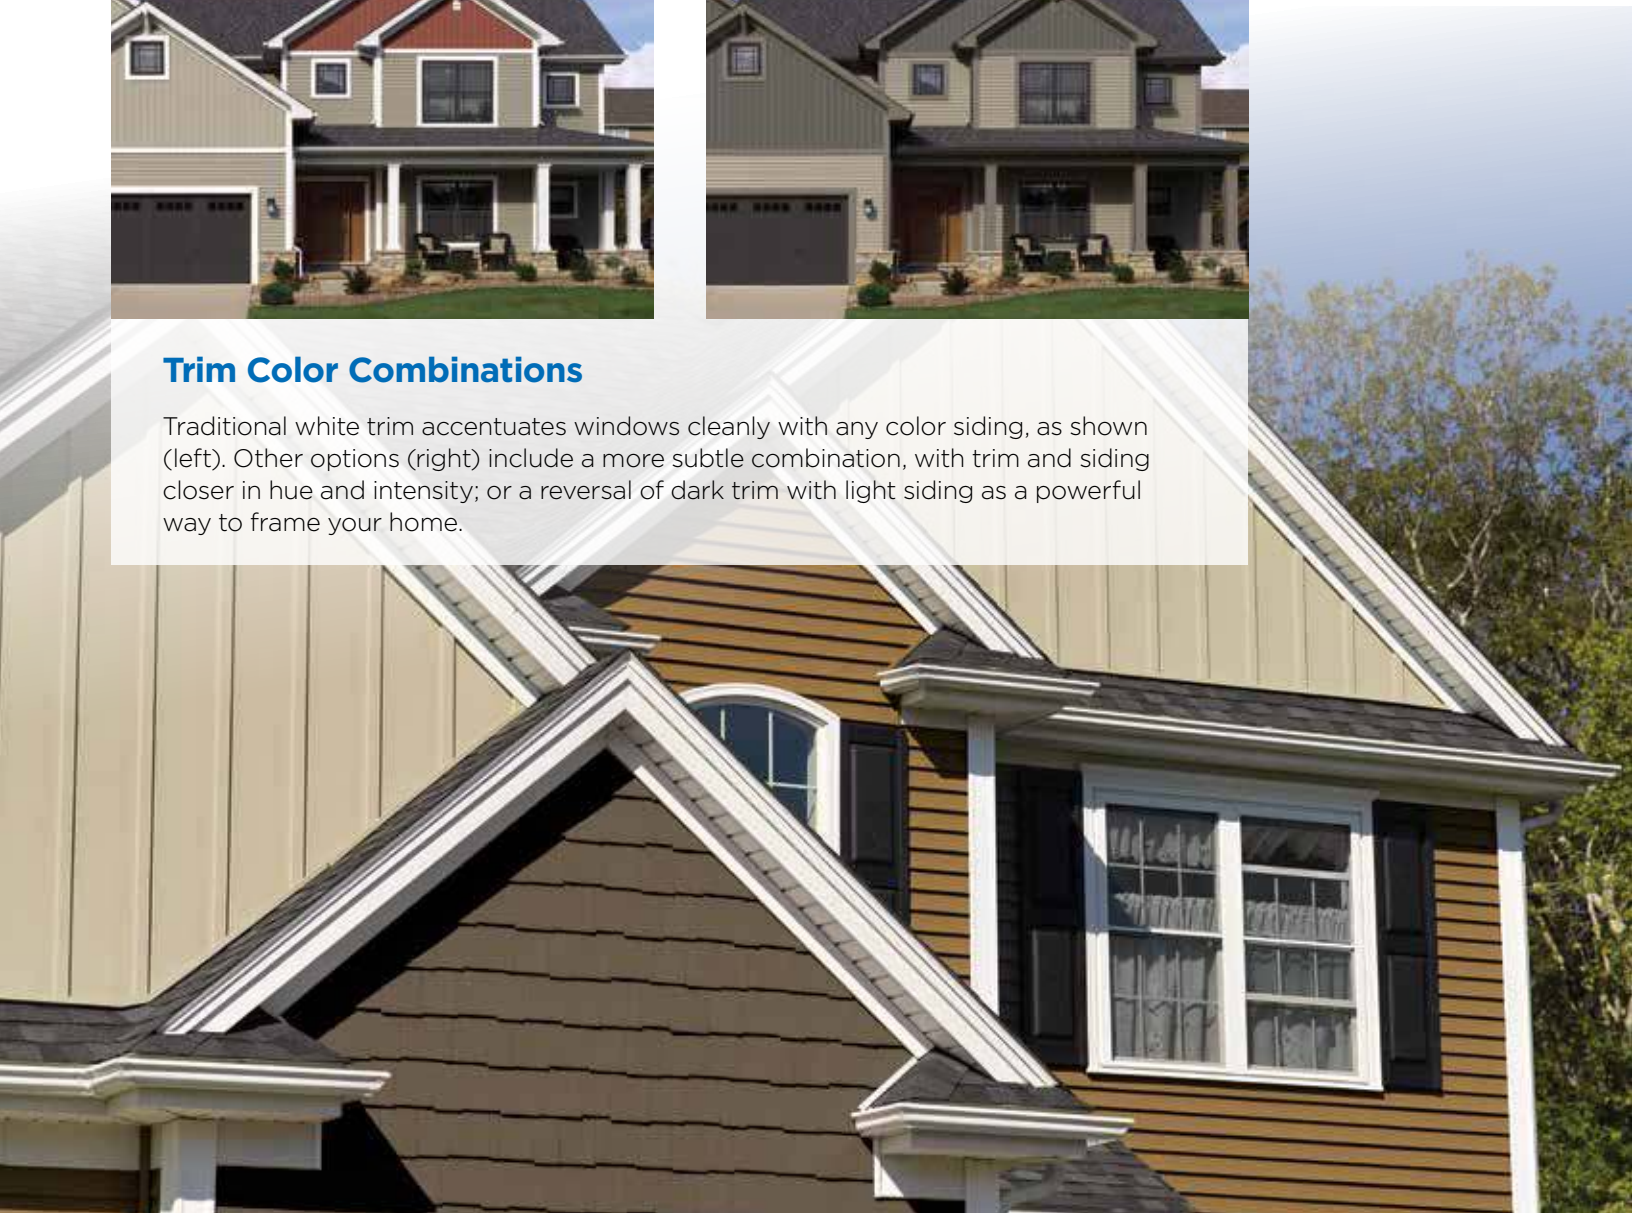

Find Your Perfect Color Mix

Designers are using every conceivable color combination to create distinctive exterior designs with a modern sensibility. You can do the same thing with your home. The optimum color blend has the power to bring out the best features of your home. Whatever your color goal is, CertainTeed can help you reach it.

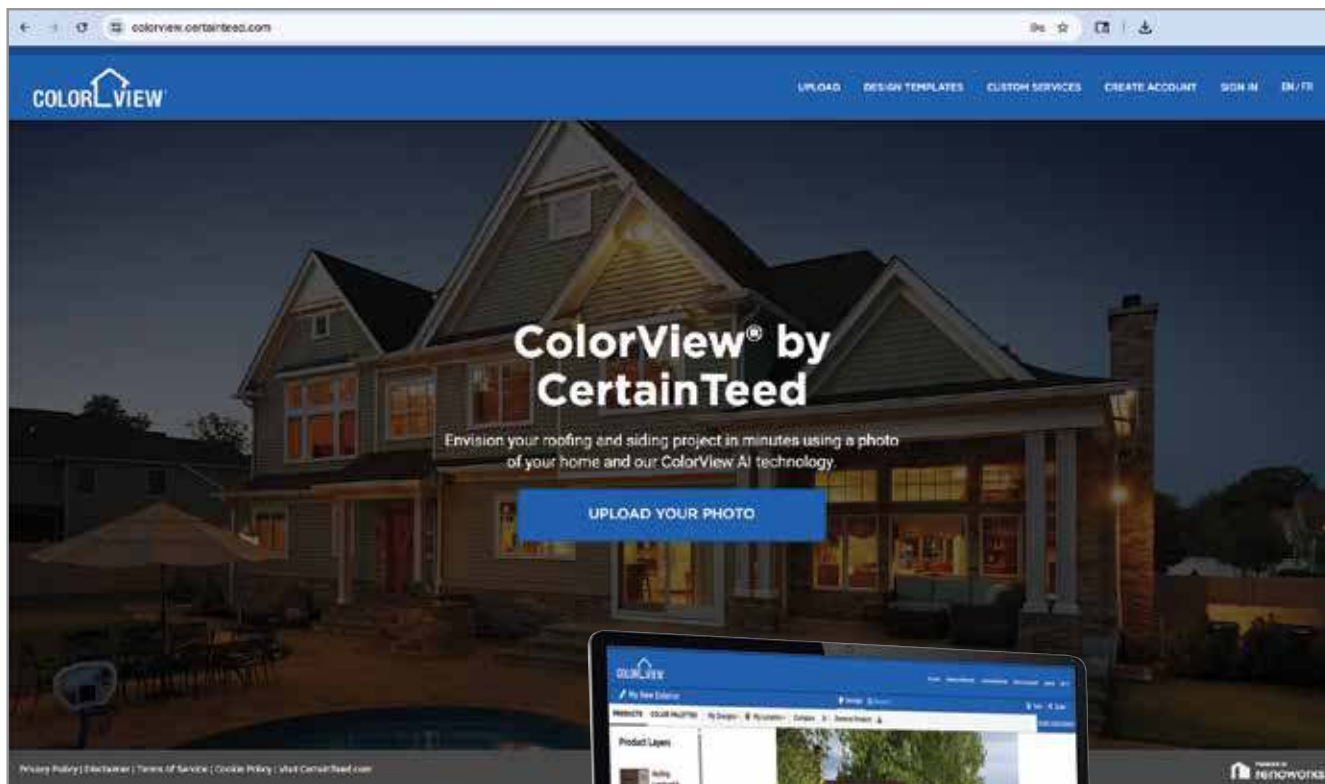

Trim Color Combinations

Traditional white trim accentuates windows cleanly with any color siding, as shown (left). Other options (right) include a more subtle combination, with trim and siding closer in hue and intensity; or a reversal of dark trim with light siding as a powerful way to frame your home.

CertainTeed Visualization and Design Tools

Explore the possibilities

ColorView® visualizer offers users the ability to mix and match the many colors and styles of CertainTeed roofing and siding directly on their own homes to create beautiful designs and inspire new ideas. Utilizing our AI software, users' homes are uploaded, processed, and ready to visualize in less than 30 seconds - for free!

For those who don't want to upload a photo of their own home, our pre-rendered Design Templates include 25 unique home styles for users to get started with their design projects as easily as possible.

ColorCoach™ is a web-based tool that helps provide some basic education on color theory and helps provide some recommended color combinations for the consumer audience. It also helps contractors and builders recommend CertainTeed roofing, siding, and trim color combinations that look great together.

COLORVIEW®

Visualize your home in less than a minute today at colorview.certainteed.com

CertainTeed products are designed to work together and complement each other in color and style to give any home a beautiful finished look.
