

Residential Roofing

# Top Reasons

why professional roofing contractors are confident in the performance of CertainTeed products.

1

## Top Quality

From the factory to the roof, we ensure consistent quality in every shingle, including long-term performance and strong granule adhesion. Our shingles go on easy and stay on strong, so you don't have to worry about shiners, delamination, or call backs.

2

## No-Hassle Warranties

We stand behind every single shingle, providing coverage for manufacturing defects — even if the roof isn't leaking.\*

3

## Innovative Technology See table on back for technology availability by product.

Our products feature industry-leading innovation and science-backed engineering, down to the molecular level:

- **NailTrak®** – fast, accurate, visible nail lines
- **QuadraBond®** – advanced layering protects against delamination
- **ClimateFlex®** – all-weather application
- **CertaSeal®** – seals shingles together upon installation
- **StreakFighter®** – resists algae growth
- **Solaris® Cool Roof-** advanced solar reflectivity

4

## Third-Party Verification

Underwriters Laboratory independently verifies that our fiberglass products meet the quality standards of ASTM D3462 (tear strength, nail pull resistance, and wind uplift). Underwriters Laboratory also verifies that our products meet 150 mph ASTM D7158 Class H wind test.

5

## Beautiful Portfolio

Available in a wide variety of colors and design styles, our roofing products will easily match the exact vision desired, providing a bright, vibrant, and dramatic visual.
