# Innovative technologies available in all Landmark Shingles

## Industry-leading Adhesion

### QuadraBond<sup>®</sup>

Advanced Layering

- Industry leading four-point adhesion between layers
- Superior bond prevents shingles from delaminating, maximizing performance

## Time-tested Performance

### CertaSeal<sup>®</sup>

Uplift Protection

- 20-year record of proven performance against wind uplift and shingle blow-off
- Sealant is engineered to remain flexible, won't dry out and crack

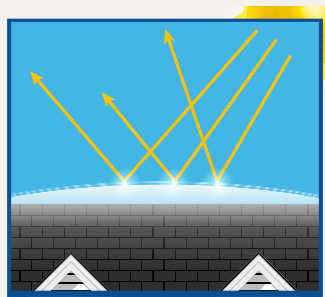

## Energy Saving Performance

### Solaris<sup>®</sup> CoolRoof

Solar Reflectivity

- Applies energy-saving cool roof performance to our most popular shingle without sacrificing beauty, quality or color
- Solaris Cool Roof can lower roof temperatures and reduce cooling costs

## Contractors Install Correctly

### NailTrak<sup>®</sup>

Fast, Accurate, Visible

- High-visibility nail lines help for an accurate installation
- Removes the guesswork for steep-slope applications

We strive for the highest possible content of recycled or bio-based materials in our roofing shingles.
