8. No applied finishes, including, but not limited to, paint, varnish or other coating, shall be applied to the manufacturer's original finish. In the event of ceiling system material replacement pursuant to the above terms, the original warranty shall apply to the replacement material and will extend for the balance of the warranty period in effect at the same time the material proved defective. Ceiling system material shall not be considered defective with respect to color, so long as the color at the time of installation does not vary unreasonably from the material sample.
